KAD OS

powered by Castrol

The operating system for a modern Castrol distributor.

KAD Motors, Armenia · November 2026 · Prepared for Castrol Global

THE DISTRIBUTOR CHALLENGE, AND WHAT KAD OS DOES

No proof of field work
GPS-verified visits within 300 m of the outlet, with photo and outcome.

Late view of orders, credit, stock
Orders, credit limits, debt and cash live on one system; problems become tasks.

No shelf data for the brand
A Castrol shelf audit at every visit: presence, full range, fake and parallel-market products.

ONE OS, EVERY FUNCTION

Field Sales & Visits · Customers & Map · Orders & Pricing · Credit & Collections · Targets & Bonuses · Analytics · Executive Assistant · AI agents · Integration API · Delivery & Driver: launching next · Warehouse: launching next

AI-first: an AI deputy director watches the field day, assigns tasks to the right person with a deadline, chases them and escalates only what slips. An AI analyst answers management's questions from the data, anonymised.

RESULTS SINCE KAD OS WENT LIVE (AUGUST 2026)

PENDING	PENDING	PENDING	PENDING
Verified visits / month	Active customers	Castrol shelf presence	Orders & collections trend

THREE STAGES TO GROW CASTROL'S SHARE, EACH TRACKED BY A KPI

1 · Presence
70% of customers carry at least one Castrol product
KPI: Castrol presence %

2 · Full range
Full Castrol product lines on the shelf
KPI: full-range %

3 · Preference
Customers sell mostly Castrol
KPI: Castrol-only shelves %

KAD OS, powered by Castrol: your showcase digital distributor

WHAT KAD GIVES CASTROL

- A live showcase market, with site visits and demos
- Regular anonymised sell-out, coverage and share-of-shelf reports
- A documented playbook and reference case for other distributors
- First-in-line testing of Castrol programmes and launches

WHAT KAD ASKS FROM CASTROL

- Digital Distributor Showcase status and approval of the "powered by Castrol" co-brand
- Improved commercial terms: pricing tier, rebates, credit terms
- Co-investment and marketing support for the next modules and market activation
- Priority supply; access to product data, training and digital programmes

Next step: a working session with the relevant Castrol teams within 30 days, to agree scope, KPIs and terms.

"powered by Castrol" is a proposed co-brand, subject to Castrol's approval.
